Fascinated by the concept of the computer. Also interested in graphic design and typography.

I like to mix both design and technology into what I do—the function isn't as powerful without the form!

Moderate experience in frontend/backend web design & development.

LANGUAGE	PROFICIENCY
English	Native
French	Native
Mandarin	Limited
German	Limited

LANGUAGE	PROFICIENCY
Java	Proficient
Scala	Proficient
JS*, HTML, CSS	Proficient
Python	Working
C/C++	Limited

*Includes basic (non-extensive) knowledge of React, GraphQL, static site generators, Node.js, npm, Electron, MongoDB and (maybe) more

---

IN A NUTSHELL
Self-taught web designer, amateur graphic designer, etc.
Learning student above all.
